

# Ready to discover your Para sport potential?

## Who we are:

The Queensland Academy of Sport's (QAS) Para Unit is designed to support Queensland's para-athletes from the pathway to the podium, building a lasting legacy for Para-sport in Australia. Our goal is to ensure more athletes with a disability can get involved in Para-sport, be discovered and chase their dreams to represent Australia on the world stage.

In partnership with the Australian Institute of Sport (AIS) and Paralympics Australia, the Unit is on a bold mission to more than double the number of QAS supported Para-athletes by 2029, creating a generational shift in talent heading into LA 2028 and Brisbane 2032.

## What we do:

**YouFor2032 Talent Search** The YouFor2032 Talent Search, driven by RACQ, is the entry point for aspiring athletes who haven't yet found their sporting fit. Athletes from all over Queensland can test in the YouFor2032 app, and be invited to attend a face-to-face Para-sport testing event.

**Multi-sport Para Development Program** Supports up to 60 athletes at a time, providing coaching and performance support.

**Gen2032 Para Coaching Program** Builds specialised coaching pathways to grow Para-sport expertise in Queensland.

**YouFor2032 Para Affiliate Network** In partnership with Paralympics Australia, the QAS is creating a network of organisations in disability, allied health, and education sectors to identify potential Para-athletes in the community.
